Introduction to **Special Talk Speaker at this meeting :**

Sng Tong Hai, has been representing Great Eastern Life Assurance since 1974. Tong Hai believes in having a well-balanced and meaningful life. With almost 31 years of experience in insurance and life planning, he has established for himself a wide base of 800 clients, who he has served diligently over the years. Besides servicing the 800 clients, he is currently developing a team of 8 Life Planners, and has been responsible for the recruitment, training and motivation of many top agents, some of whom are now Group Managers (GMR) and Divisional Sales Officers (DSOs).

Since 1989, he has been serving the members of the Singapore Medical Association for Group Hospitalization, Personal Accident and Term Life plans. Integrity, reliability, honesty and hard work are his life principles/values. With these, he has provided excellent services to his clients, some of whom have become his close friends. Friends and others recognize his strong reputation and wise advice, therefore they always approach him for advice and help as they trust and value his judgment.

Mr. Sng believes that it is personally rewarding to help others. As a life planner, he helps his friends and clients to understand the importance of savings and financial planning, leading them to a financially secure future. The job satisfaction comes not just from the mandatory rewards, but also from the opportunity to make a difference to the lives of others.
