GOT HUMOR?

November 28, 2001

Dear Poh Kim Siong DTM;

**WOW!** I have seen many Toastmasters' educational programs, and your program "**REACHING OUT!**" was by far **one of the best!** I was impressed by you took a subject like *building a successful club* and made the learning a fun, interesting and easy to implement.

Your stage presence and connection with the audience was powerful. These are true signs of a great motivational speaker. I sincerely hope other Toastmasters will get to learn from your success on and off the platform.

Sincerely,

Darren J LaCroix, ATM
